

## **Instruction to candidates on the website**

- Department will review IPDF applications three times in a year (April, August, and December)
- High academic record in UG and PG courses with at least 60% marks
- UGC/CSIR/ICMR/DBT/INSPIRE/GATE or any other equivalent national fellowship during PhD is desirable
- Applications from candidates with proposals totally outside the expertise of any one of the faculty members will not be shortlisted for the interview.
- Research proposal should be a fresh idea and not a continuation of PhD work of candidate and should not be continuation of any existing projects of department faculty.
- Mutual consent between the candidate and faculty is required otherwise the application will not be considered for further processing.
